(See reverse side for descriptions of the events.)

2017-18

Titan Parent Connection Event Descriptions

Parent Meetings

Parent meetings are a way to provide information to our parents that will help them to better understand our school, our processes, and even our students. These are casual meetings that offer time to both listen and ask questions. We appreciate the open dialogue!

ISAC Events

These two events are geared toward junior students and their parents, although anyone is welcome to come. Information will be provided about the FAFSA process, which is the federal application for financial aid for college. The second ISAC event in October will walk parents through the FAFSA form line by line so that each parent and student will leave with a completed form.

Parent/Teacher Conferences

The two parent/teacher conference dates are opportunities to briefly meet with your student's teachers to talk about progress and areas of concern. Hopefully, these are also opportunities to discover how you can partner with the teachers and help your student at home.

College Application Week

This week is dedicated to helping our seniors complete college applications. Counselors and an ISAC representative will be in the College and Career Center during all lunch hours until 4 p.m. to answer questions and assist in the process. Parents are welcome and encouraged to participate as well.

Community Coffee

Our four community coffee events are specifically structured to help us get out and meet you in the community. Each meeting will be held at a different location within our attendance area. These informal events are simply to allow for personal introductions to our administrative staff, ask questions, and tell us about your students and your families. We will even buy you coffee! Come and help us get to know each other better!

Titan Parent/Student Partnership

Our first Titan Parent/Student Partnership (TPSP) event last spring was a huge success. This event is an opportunity for parents to come and experience a class with their students. Some of our staff members will be preparing lessons similar to what they do in class with your students each day. We welcome you to come and see some of the amazing things that our students and staff do on a regular basis.

Junior Student and Parent College/Career Meetings

We recognize that preparing for life after high school can be daunting for students, as well as for parents. These meetings are designed to provide an opportunity for each junior student and his or her parents to meet with the student's guidance counselor and talk about post-high school options and plans and to create timeline and map for making those plans a reality. Guidance counselors will be contacting parents of junior students in the spring in order to set up appointments. Please take advantage of this opportunity to collectively plan for your student's future!
